Press Invitation

HKPOP releases the popularity of disciplinary forces and other survey results, as well as the latest development of the CICD Project

Hong Kong Public Opinion Program (HKPOP) under the Hong Kong Public Opinion Research Institute (HKPORI) will hold a press conference **tomorrow afternoon (December 6)**, where HKPOP will announce the latest results of “We Hongkongers 我們香港人”, HKPOP’s tracking survey on the popularity of disciplinary forces and “DE Way Out 區選覓途”.

Meanwhile, upon completion of the District Council Election in late November, HKPOP has immediately launched the “Community Integration through Civility and Democracy (CICD) 民主社區互助共融” Project in order to bring Hong Kong to new heights in terms of civility and democracy. The purpose of the CICD Project is to provide a means for Hongkongers to re-integrate ourselves through mutual respect, rational deliberations, civilized discussions, personal empathy, social integration, and when needed, resolution of conflicts through democratic means. Unity in diversity is our ideal. CICD would engage Hongkongers across all communities in a modern and brand-new way via the leadership of individual District Councillors within their own service districts and the Chairmen of District Councils where overall macroscopic development is concerned. As of December 4, the Project has received about 20 applications from District Councillor designates for participation.
