「安心出行」應用程式的調查結果及「疫後復聚指數」

Press Invitation (Reminder)

HKPOP will release tomorrow our “We Hongkongers Survey” on whether the government should make the use of “Leave Home Safe” mobile app mandatory and the “Post-Epidemic Gathering Resumption Index”

The Hong Kong Public Opinion Program (HKPOP) under the Hong Kong Public Opinion Research Institute (HKPORI) will hold a press conference **tomorrow (December 11) afternoon** to release the latest results of “We Hongkongers Panel Survey” and the “Post-Epidemic Gathering Resumption Index”.

HKPOP has re-launched its “We Hongkongers” Initiative in late May. Every week we invite Hong Kong people to suggest current affairs survey questions to us via our Facebook page, then cast their votes online to select the question(s) for our “We Hongkongers Panel Survey”, and then release the results. This week's survey is the twenty-eighth round. The survey question is “There is a suggestion that the government should make it mandatory for the public to use the ‘Leave Home Safe’ mobile app before entering designated premises, in order to keep records of their whereabouts so as to minimise the risk of virus transmission. How much do you support or oppose this suggestion?” Up to 1pm today, over 9,000 submissions have been received. The results will be released **tomorrow (December 11) afternoon**. Please stay tuned.

On the other hand, HKPOP is also releasing the “Post-Epidemic Gathering Resumption Index” (PEGRI) on a daily basis, please visit our website at <https://www.pori.hk/penri> for previous figures. Here are today’s readings of PEGRI:
