前線衛生督察工會主席阮佩卿呼籲業界人士多多包容，她說，「執法的前線員工與全港市民是同步接收『疫苗氣泡』資訊的，由於法例相對複雜，大家都需要時間理解。現階段是教育期，執法人員會先協助市民和食肆理解執行上的細節和技術問題。由於前線同事人手有限，希望業界人士多多包容。」

Bibiana Yuen, Chairperson of Frontline Health Inspector Union, called on the industry to be more tolerant, she observed, “Frontline enforcement staff are receiving information about the ‘vaccine bubble’ at the same time as the general public. As the legislation is relatively complicated, it will take time for everyone to understand it. At this education period, law enforcement officers will first help the public and restaurants understand the details and technicalities of implementation. Given the limited manpower of our frontline colleagues, we hope the industry can be more tolerant.”
