香港教育中心商會副主席任偉豪指出：「政府昨日終於宣佈放寬防疫措施，這早就應該做了。可是，業界普遍反應不大，因為只是杯水車薪。食肆依然維持四類複雜的分類，只是放寬了要求最嚴格、最難做到的C及D類。況且，酒吧及卡拉OK的限制依然極大，幫助非常有限。其實，現在社區中已多日無本地確診個案，我認為政府絕對有條件更大幅度地放寬防疫措施，讓市民過更正常的生活。」

Vice Chairman of The Hong Kong Chamber of Education Centres Yam Wai Ho observed, “The government finally announced yesterday that it would relax its anti-epidemic measures, which it should have been done a long time ago. However, the industry generally does not have much response, as the relaxation is so little. Restaurants still have to maintain four complicated classifications, only the most demanding Categories C and D are relaxed, but they are too difficult to achieve anyway. Moreover, the restrictions on bars and karaoke are still very tight, the new measures can help very little. As a matter of fact, there was zero local confirmed case in the community for many days, I think the epidemic prevention arrangements can definitely be relaxed a lot more, so that the people can live a more normal life.”
