香港持牌酒吧會所聯會會長梁立仁認為：「就現在對飲食業界的每枱人數限制和措施是可以接受。每枱人數和宴會人數亦都以接種疫苗和必須使用安心出行為基準而相應增加。雖然未能放寬至正常水平，完全存在人數限制，但相對整體經營環境是有所增長的。而單一對酒吧/卡拉OK行業而言，客人在必須接種疫苗才可進入處所，某程度上仍存在極大的限制。對整體業界的復蘇需要還需要一段很長的時間。因應全球出現不同的變種病毒，雖說沒有本地感染個案發生，但每天也有為數不少的輸入個案，當局對於業界的限制措施及限制人數已連續三周沒有改變。相信以上限制，需要待接種率達一半或七成以上，才有機會有所改變。總結而言，只要當局可再加緊外防控制，加大力度阻截外防輸入。對於本土的防疫措施及限聚人數，是可以再進一步放寬。」

Ben Leung Lap-yan, Charter President of the Licensed Bar and Club Association of Hong Kong proposes, “The catering industry considers current group gathering restrictions and measures acceptable. The number of people allowed per table and the total number of people per event are increased according to the level of vaccination and the use of the ‘LeaveHomeSafe’ mobile app. Although it is not yet relaxed to the normal level, it has helped the overall business environment. For the bar and karaoke industry, requiring guests to be vaccinated before entering the premises is still a heavy restriction, so there is still a long road to recovery. In response to the emergence of different types of viruses around the world, although there are no more local cases, the number of imported cases per day is still high. The government has not relaxed the restrictions for three consecutive weeks, and it seems unlikely to be changed until the vaccination coverage reaches over half or 70%. To sum up, provided that the government strengthens the border control, it would be possible to further relax the anti-pandemic measures and group gathering restrictions.”
