# 調查結果 - 限聚接受程度

## Survey Result – Group Gathering Prohibition Acceptance Level

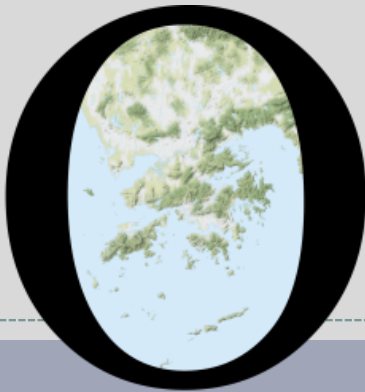

限聚接受程度 Group Gathering Prohibition Acceptance Level

民生大聯盟發言人章彤輝博士指出，「近期市民主要關注通關和打針，而這兩項政策又對旅遊和飲食業尤為關鍵。可是，公眾對各種資訊都掌握得不多。例如，在「如何杜絕或防止高危人士來港」、「注射疫苗的目標是否要達至 99%」等問題上，政府應集中及定期發放資訊，向市民溝通更多，才能令公眾對各種資訊都掌握得更為清楚。」

**Dr Tung-fai Cheung, Spokesman of Alliance of Revitalizing Economy and Livelihood, observed, “Recently, the public has been mainly concerned about border crossing and vaccination, which are particularly crucial to the tourism and catering industries. However, not much information is available to the public. For example, on issues such as ‘how to stop or prevent high-risk individuals from coming to Hong Kong’ and ‘whether the target of vaccination should be 99%’, the Government should release information centrally and regularly, and communicate more to the public so that the public can have a clearer understanding of all kinds of information.”**

- Among the five specific policy areas of the HKSAR Government, the latest net satisfaction rates of four are negative. Only that in **handling its relation with the Central Government** stands at positive 1 percentage point, while the net satisfaction rates of the government's performance in **protecting human rights and freedom**, **maintaining economic prosperity**, **improving people's livelihood** and its **pace of democratic development** stand at negative 9, negative 16, negative 28 and negative 30 percentage points respectively. Apart from its **pace of democratic development**, the net satisfaction rates of the remaining four policy areas have registered significant and dramatic increases compared to seven months ago. The net satisfaction rate of the performance in **protecting human rights and freedom** has registered a **new high** since December 2017, while that of the other four have registered **new highs** since December 2018.
